

Molalla River School District

K-5 Online Resources

Please utilize these resources in a way that makes sense for your family. Although there are some awesome activities embedded in each of these products, we have no expectations that students complete any of the tasks. We want to emphasize that the purpose of these activities are to support current learning through practice. These activities are not meant to teach new information to students.

Online Resources	How a student is to access Click on the images below to find the link that will take you to the selected resource!
